

SENATE REACHES STAGE OF ACTION ON PEACE TREATY

All of Fall Amendments Voted Down in Succession.

BOTH SIDES CLAIM VICTORY

WASHINGTON, Oct. 2.—At last reaching the stage of action in its consideration of the peace treaty the senate swept aside in quick succession today thirty six of the forty five amendments which had been written into the document by the foreign relations committee.

The smallest majority recorded against any of the committee proposals was fifteen and the largest was twenty eight. All of the amendments considered had been introduced by Senator Fall, Republican of New Mexico and were designed to curtail American participation in European settlements resulting from the war.

Of the nine amendments yet to be acted on six relate to the shunting section, two propose to equalize voting power in the league of nations, and one would limit American representation on the reparations commission. In the absence of an agreement for disposition of these proposals, senate leaders thought tonight at the debate might run for several days before another roll call was taken.

Democrats Stick

Throughout the day's voting the democrats presented a solid front against the amendments except for Senators Gore of Oklahoma and Thomas of Colorado. Seven republicans on the other hand lined up against the first committee proposal to be considered and most of them stood with the democrats on all succeeding roll calls.

Many of them announced they were for reservations which they believed would cover the same ground without endangering the treaty. At adjournment the treaty advocates declared themselves elated at the day's work and the opposition leaders also were claiming a victory on the showing made for their amendments. They mustered a maximum strength of thirty one which with absentees would be sufficient they declared to insure the treaty's defeat unless satisfactory qualifications are accepted. Thirty three negative votes on the final roll call, they pointed out, would make impossible the two thirds majority necessary for ratification.

Under a special agreement speeches on the amendments were limited to five minutes and nearly half of the senate membership got into the running debate which occupied most of the day. Only a few senators were absent and many members of the house crowded into the rear of the chamber to see the first actual action on the treaty, while in the filled galleries the ushers stood guard in the aisles to restrain spectators from applauding the declarations from the floor.

Once during the debate the rule against applause was broken, however, a wave of hand clapping following a speech by Senator McCumber, of North Dakota, a Republican member of the committee, who pleaded against amendment of the treaty and concluded by declaring that no harm could come of America's doing its full duty to the very end. The demonstration was quickly hushed by vigorous use of the gavel.

Four Roll Calls.

There were only four roll calls all the other amendments being voted down by acclamation. The first record vote stood 30 to 58 against an amendment to eliminate the United States from representation on the committee to adjust the German-Belgian boundary. The senate went on record 31 to 56 against withdrawal from the Saar Basin commission; 28 to 53 against refusing to be a party to the agreements affecting Czechoslovakia and 31 to 46 against precluding this country from the upper Silesia settlement. On the Saar Basin amendment Senators Jones, Republican of Washington and Thomas, Democrat, of Colorado, changed to the negative column. There were no other changes, except as a result of absence of senators. Senator Thomas again voted in the negative on the Czechoslovakia amendment and Senators Cummins of Iowa, Jones of Washington, Kewen of Iowa, Fetter of South Dakota, and Townsend of Michigan, swung over to the negative side.

Bitter Debate.

The debate developed considerable bitterness. Chairman Lodge of the foreign relations committee, drawing fire from the treaty advocates by a speech supporting the general purpose of the Fall amendments, while the world could not

Federal Troops In Control of Arkansas Riots

HELENA, ARK., Oct. 2.—With federal troops patrolling the village of Elaine, detachments on duty at Melwood and other places in the southern part of Phillips County and a company of soldiers stationed in Helena as a precautionary measure, the situation due to race rioting in the vicinity of Elaine while intensified today by the killing of O. R. Lilly, a member of the board of aldermen of this city, was believed to be well in hand tonight.

Both Governor Brough of Arkansas, at whose request five hundred soldiers of the third division recently returned from overseas, and in command of Col. I. C. Jenks, expressed confidence tonight that the force on hand would be ample to restore normal conditions.

The killing of Mr. Lilly, who was shot to death with his own revolver by one of the negroes whom he was guarding in an automobile enroute to Helena, increased the number of white dead to five. Eleven negroes are known to have been killed. When a prisoner seized Lilly's pistol and shot him a posse fired on the others, killing all of them.

GARY COMPLETES HIS TESTIMONY BEFORE SENATE

Stands Firm on His Assertion That the Issue is Open Shop.

WASHINGTON, Oct. 2.—Standing squarely on his assertion that the issue in the pending strike is the open shop, Elbert H. Gary, chairman of the board of United States Steel corporation, completed his testimony today before the senate labor committee investigating the steel controversy. During colloquy with committee members, particularly Senator Walsh, Democrat of Massachusetts, Mr. Gary declared that he could not now consider compromise or arbitration or meet with strikers' representatives. The senate during the day by resolution approved the committee's plan to carry its investigation to Pittsburgh and other steel centers after hearing tomorrow, William Z. Foster, secretary of the strikers' committee and perhaps one or two other leaders on that side of the controversy.

"I am sorry I can't take the position that members of this committee do," Mr. Gary said in explaining his refusal to arbitrate the issue. "I consider the public's interest as paramount in the refusal. If the strike is left to follow its inevitable course, if a certain vicious element in this country gets no encouragement to continue strikes of the kind, by preventing industrial disturbances of the kind everywhere in the country."

Government intervention, he said, should be confined to maintaining peace and order, which he added, was the only present need in the situation. He told the committee that he recognized the need of capital to have power to do more or less harm and he said he personally favored strict federal control even to licensing and commission supervision of industrial conditions, but that the present condition demanded no such remedies. Labor likewise, he said, needed control, but the greatest controlling power, he said, was in "enlightened self-interest."

In a sharp exchange between the witness and Senator Walsh, Mr. Gary refused to say his action in refusing to meet union leaders indicated a permanent policy. His course, he explained, would be directed to every situation towards the maintenance of the open shop and the present refusal seemed to him best calculated to bring about that end.

When Mr. Gary finished Chairman Kenyon called Michael P. Tighe, president of the Amalgamated Iron, Steel & Tin Workers' Union but his testimony was cut short by necessity for early adjournment to allow members to attend the senate sessions. Tighe will be re-called tomorrow.

SMITH REVERSES UTILITY ORDER

Springfield, Ill., Oct. 2.—The order of the state public utilities commission granting a seven cent fare to the Chicago surface lines was reversed by Judge E. S. Smith in the Sangamon county circuit court here today, and the case was remanded to the commission for further hearing on valuation of the company's properties.

OFFICIALS CLAIM MANY RESUME THEIR POSITIONS

Leaders on Other Hand Claim Men Holding Firm.

2,100 RETURN IN CHICAGO

PITTSBURGH, Oct. 2.—The steel strike situation in the Pittsburgh district remained virtually unchanged today. Steel company officials continued to maintain that more men were returning to work and tonnage was being increased while the striking steel men's leaders declared their men were holding firm.

Steel companies assert that many men, attracted by the high wages are forsaking other lines of work and entering the mills. They also claim unskilled Americans from the upper Monongahela Valley, Johnston, and East Ohio are coming here in great numbers seeking employment. The Carnegie Steel company issued a statement which said:

"There have been good gains in every plant, new men are still coming in, old men seem to be regaining confidence and are returning in increasing numbers. Our tonnage is increasing and altogether the situation is much easier."

Reports that strikers were returning to the mills were vigorously denied at national strike headquarters where it was said additional men were walking out in many plants.

The Steelton plant of the Bethlehem Steel company was reported by union organizers 55 per cent down. Union men were reported to be holding firm at Coatesville, Pa., altho strike breakers are alleged to have been imported. More than 200 girls employed on light machine work at the Oliver and Snyder Steel plant here walked out today, headquarters reported. They have applied for a union charter.

Characterizing statements that strikers were deserting the ranks of organized labor as false and misleading, Fred H. Keightley, international secretary of the Amalgamated Association of Iron, Steel and Tin Workers, said hundreds of new applications were being received for members.

We received 4,716 applications for membership within the last few days and more are coming in, he said.

According to an announcement at strike headquarters, Attorney Jacob Roe of the strikers' legal staff and thirty three men were arrested at McKeesport while making depositions for the senate investigation committee. They were taken to the police station and denied permission for further gatherings to take depositions, it was given out.

The police authorities at McKeesport when informed of the arrest announcement said the attorney and union men had not been arrested but had been ordered from the central labor headquarters when it was closed there yesterday afternoon.

Chicago, Oct. 2.—The steel mills today apparently made greater inroads on the ranks of the strikers than on any other day of the steel strike in this district. Reports indicated that about 2,100 men returned to work today, and mill officials were predicting operations on a basis of 50 per cent within a few days.

Union leaders, however, while admitting that there probably had been some slight defections from their ranks declared that work men as had returned to work were common laborers. They were the skilled workers were remaining firmly on strike and that without them the mills were virtually helpless.

Reports from Gary, Ind., stated that about 1,500 strikers returned to work today. The large number of men yet seen to enter the mills there since the strike began marched between the union picket lines and into the plants, the reports stated and no violence was offered. One steel worker had been beaten and found unconscious earlier.

The next largest gain for the mills reported in this district was at the American Steel & Wire company's plant in Waukegan, Ill., where, according to report, 500 of the 1,800 strikers had returned.

In South Chicago the Illinois Steel company was said to have added about 83 rollers, highly skilled workers and a few machinists had broken from the ranks of the skilled men on strike. A few more men returned to work at the Froquois Iron Works, according to Sheriff Peters, who said he had sent twenty deputies to guard them at their request.

The works council of the Wisconsin Steel company, an independent plant owned by the International Harvester company, which closed when the strike was called, altho it was said that only 25 per cent of the men actually struck, today notified employees that if they wanted to return to work the company would re-open.

President Wilson Is a "Very Sick Man"

WASHINGTON, Oct. 2.—President Wilson is a "very sick man" and "his condition is less favorable," it was said by Dr. Cary T. Grayson, the president's physician, in a statement issued at ten o'clock tonight from the White House.

The following bulletin was issued by Dr. Grayson: "The president is a very sick man. His condition is less favorable today and he has remained in bed thruout the day. After consultation with Dr. F. X. Dercum of Philadelphia, Drs. Sterling Ruffin and E. R. Stitt of Washington, who all agreed as to his condition, it was determined that absolute rest is essential for some time."

Dr. Dercum returned to Philadelphia tonight, Secretary Tumulty announced.

After the consultation it developed that the physicians called in by Dr. Grayson had agreed entirely with his diagnosis of the president's ailment and approved the course of treatment decided upon by him.

The name of Dr. Dennis, director of the naval dispensary in Washington, did not appear in the bulletin Dr. Grayson gave out tonight, but he was said to have been at the White House during the two-hour consultation.

There was much speculation in the capital tonight as to the president's real condition and concern was generally expressed. When the consulting physicians left the White House shortly after 6:30 o'clock Dr. Grayson remained and at 10 o'clock he went to the executive offices and gave out his bulletin thru Secretary Tumulty. Earlier in the day Dr. Grayson made known that the president's physical condition was fairly strong and that his blood pressure was good. The president's age—he is approaching his 63rd birthday—it was explained, however, made close watching of his condition essential.

Former Secretary of the Treasury McAdoo, the president's son-in-law, called at the White House during the day, but it could not be learned whether he had been requested to come to Washington because of Mr. Wilson's illness or was in the city on a business trip.

SEN. JOHNSON SPEAKS TO 'FRISCO WOMEN

Declares Treaty With Shantung Provision a Blot on American Honor.

San Francisco, Oct. 2.—United States Senator Hiram W. Johnson, at a luncheon here today told San Francisco women that the peace treaty with its Shantung provision is a blot on American honor and that the league of nations as now constituted would make America a party to perpetuating this and other wrongs.

It was Senator Johnson's third and final speech here on his present speaking tour against the treaty and league of nations. Tonight Senator Johnson left for Los Angeles. From California he will go to Oregon, Washington, Utah and Colorado.

The senator declared the league to be "a league of the great powers of the earth to preserve power and existing governments."

The great question, but one which has been denied, Senator Johnson said, was giving power to the United States resources and military forces to the league, instead of trying to keep this power in the hands of congress and the American people "where it belonged."

This has been one of Senator Johnson's main themes in his San Francisco addresses. Each he attacked article ten of the league covenant and has sought to refute statements made by President Wilson that proposed reservations to the article is "a knife at the heart of the covenant and virtually rejection of the past."

PRINCE OF WALES WILL NOT TOUR U. S.

WASHINGTON, Oct. 2.—The Prince of Wales, who is now touring Canada, will come to Washington in about a month for a visit of three days, but he will not make a tour of the United States, Mayor Babcock of Pittsburgh, has been informed by Chairman Porter of the house foreign affairs committee.

"I am reliably informed," said Mr. Porter, "that it is the wish of the British government that the Prince of Wales, upon leaving Canada, should spend but three days in Washington, returning to New York thereafter, from whence he sails for Europe, and that a tour of the United States should not be made."

VOLCANO THROWS LAVA MANY MILES

Hilo, T. H., Oct. 2.—(By The Associated Press.)—A stream of lava one thousand feet wide is flowing into the sea at the rate of from twenty to thirty miles an hour from the crater of volcano Mauna Loa which first threw forth lava Saturday. The stream of lava is now a virtual river from twenty to thirty feet high. Where the lava flows into the sea the waters are boiling for half a mile and are strewn with dead fish.

STOLEN BONDS RECOVERED

Bloomington, Ill., Oct. 2.—Government bonds, war savings stamps, municipal bonds and negotiable papers to the value of \$75,000, recently stolen from a bank at Emden, Ill., were found this morning in the timber north-west of that place. Bonds and war savings stamps to the amount of \$51,000 are still missing.

RATIFICATION OF VERSAILLES PACT BY FRANCE NEAR

Final Vote Expected in Senate Within Four Days.

ALREADY O. K.'D BY DEPUTIES

PARIS, Oct. 2.—Complete ratification of the Versailles peace treaty with Germany by both houses of the French parliament is expected within four days. Following today's ratification by the chamber of deputies the senate will immediately take up the discussion. The peace committee of that body has already completed its study of the document.

The debate in the senate is expected in parliamentary circles to not exceed four days.

Sixteen speakers occupied two hours in giving reasons for the votes they were about to cast. These reasons interested the speakers far more than the house, which paid scant attention to the debate. The majority of the speakers were Socialists and their reasons were much the same. Premier Clemenceau was present thruout the session. He showed signs of interest only during the interlude while the votes were being counted. He then stood up and was surrounded by deputies, with whom he carried on an active conversation.

Captain Andre Tardieu heard himself described several times as the real author of the treaty.

No demonstration occurred in the house when M. Deschanel, president of the chamber, announced the figures of the vote ratifying the treaty and there was no cheering.

M. Deschanel at once called for a vote on the military conventions with Great Britain and the United States. There was some applause at this announcement and the vote in favor of the conventions was unanimous.

OMAHA QUIET AFTER RACE RIOT

Omaha, Neb., Oct. 2.—In response to recommendations of Major General Leonard Wood, assigned to quell rioting in Omaha following the lynching of a negro Sunday and the burning of a court house, the city council today voted to appoint 100 new policemen and carry out a proposed semi-military organization. All police will be equipped with the most efficient and effective type of arms. Two machine guns, thirty rifle guns and motorcycles and automobiles for emergency use will be secured at once. A competent military officer will be secured to drill the reorganized police force.

OPERATORS AND MINERS FAIL TO AGREE

BUFFALO, N. Y., Oct. 2.—The conference of coal operators and miners of the central competitive field today took a recess until next Thursday, when it will reconvene in Philadelphia.

The miners wanted to meet in Washington but the operators were opposed to this plan.

The desire of the operators to meet in Washington was based on their belief that ultimately the government must take a hand in the wage scale negotiations if a strike of the 400,000 miners set for November 1 is to be avoided. The miners were federal intervention holding out on the issues at stake between operators and their employees. The recess was taken upon the recommendation of sub-scale committee which was appointed earlier on the motion of acting President John L. Lewis of the miners.

THE "OHIO" LEADS IN BALLOON RACE

ST. LOUIS, Oct. 2.—The "Ohio," the smallest craft entered in the national championship balloon race which started from here last night, apparently has travelled the greatest distance of any of the six which have come to earth.

It landed at 1 p. m. at Perry Sound, Ont., several hundred miles north of Simcoe county, Ont., where Captain John S. McKibben, representing Murphysboro, Ill., descended, according to a telegram received here tonight from Captain Warren Raser, the pilot.

The craft has a gas capacity of 50,000 cubic feet, 30,000 less than the other contestants. No. 3, William F. Asmann, of this city, pilot, which landed near Winnetka, Ill., early today, was reported destroyed in landing.

OFFICER QUARRELS WITH GIRL; SHOTS SELF

Rockford, Ill., Oct. 2.—Henry G. Cuipepper of Osceola, Ark., a former first lieutenant in the fifty-first division, committed suicide tonight by shooting himself thru the head following a quarrel with a girl he had wronged.

ITALIAN STEAMER FIRED ON

Rome, Oct. 2.—The Italian steamer Epiro, with 200 Italian troops and some American officers on board, bound for Cattaro, is declared in a dispatch from Bari to the Tempo to have been shot at by Jugo-Slav regular troops.

Favor Creation Of An Industrial Peace League

NEW YORK, Oct. 2.—Immediate creation of a league for industrial peace with a supreme council, similar to that created by the league of nations, to which all industrial labor disputes may be referred for hearing and decision and which may be clothed with power to enforce its decisions was recommended in a position sent today to Samuel Gompers, president of the American Federation of Labor, by the league of American Federation of Labor members for partnership and industrial democracy. The league includes representatives of 29 unions affiliated with the American Federation of Labor.

One of the most striking proposals is that organized labor join with capital in establishing a system of sliding wage scales based on a standard cost of living together with participation by labor in profits and the settlement of minor differences through work councils.

The petition sets forth that the nation is threatened with a general railroad strike which would, if finally called, precipitate ruinous warfare and untold misery on all the people not only of the United States but of the whole world, and that "it is the bounden duty of the best influence and the best thought of the American labor movement to prevent, at all hazards, such a calamity as a great American railway strike no matter how grave the provocation may be."

BANKERS AGREE ON PLANS TO INCREASE FOREIGN TRADE

Would Result in Maximum Production in U. S.

ST. LOUIS, MO., Oct. 2.—Formation of an organization of bankers, business men and manufacturers of the U. S. for the creation and extension of foreign credits to increase foreign trade, and thereby reduce the high cost of living was recommended in a report presented at the concluding session of the American Bankers' association here today.

The report was submitted by the association's committee on commerce and marine.

Such an organization the report says, would result in the maximum of production in this country "in order not only that our own people be kept well and profitably employed, but that they be not subject to the payment of excess prices for their own needs."

As to a merchant marine policy, the report asserts that a speedy determination of shipping policy is needed and that a policy should be based on the fact that initiative and experience in shipping cannot be safely set aside in favor of experimentation in our shipping policy.

The system the resolution states, frees from their just proportion of the burden of the war debt those most able to pay it.

In a report of the national bank section, bankers were urged to take an active interest in politics.

"Bankers cannot hold aloof from politics and expect to be read with justice by legislators elected without their aid," the report said.

A resolution endorsing the formation of an anti-swindling league for the purpose of protecting holders of liberty bonds, thrift stamps and other government war securities against fraud was adopted.

Universal military training was endorsed without a dissenting vote.

Another resolution adopted, pointed out the needs of more extensive use of the waterways of the country and requested congress to appropriate liberal funds for construction of waterways.

MANAGERS ANNOUNCE PITCHERS FOR TODAY

Cincinnati, O., Oct. 2.—Manager Moran announced before leaving for Chicago tonight that he probably would pitch Ray Fisher in the third game of the series tomorrow.

Manager Gleason before boarding the train, said that while he had not fully made up his mind for tomorrow, he thought Kerr would be the White Sox pitcher.

EXISTING RATES CONTINUE

Springfield, Ill., Oct. 2.—Existing rates for hot water service in Mattoon furnished by the Central Illinois Public Service company were continued in effect today by the public utilities commission pending a further hearing.

REED SPEAKS IN TULSA

Tulsa, Okla., Oct. 2.—United States Senator James A. Reed of Missouri, delivered an address here tonight in opposition to ratification of the peace treaty with Germany and the league of nations covenant.

KING AND QUEEN OF BELGIUM ARRIVE VISITORS OF U. S.

Have Come to Express Gratitude for Aid Given Them

MARSHALL GIVE THE WELCOME

NEW YORK, Oct. 2.—The king and queen of the Belgians, with Prince Leopold, their apparent heir, were the guests of the United States in New York tonight. They have come, as a majesty expressed it, to voice their gratitude and that of the people for the generous aid given them by this country in years of need when their nation was threatened with extermination.

Their first hours on American soil were spent quietly at the hotel resting after their voyage across the Atlantic and celebrating their nineteenth wedding anniversary. By their express wish their official welcome to New York will not begin until noon tomorrow. At that hour will start a round of receptions and sight-seeing which eventually will take them to San Francisco and back to Washington, where they will be guests at the white house.

The Belgian rulers were given the official freedom of the United States by Vice-President Marshall when they stepped ashore from the Transport George Washington on the government pier at Hoboken at noon today.

"I welcome you to this republic as king of the bravest people since time began," Mr. Marshall said, "but more as a man whose conduct will be a mighty force in steadying the world to law and order to friendship, faith and freedom."

Welcoming royalty to America's shores is a novelty even to the veteran attaché of the state department which arranged their reception, but there was no slin in the arrangements and no unseemly outbreaks of Democratic exuberance although there was a mistaking the warmth of the affection felt for the gallant Albert and his brave consort.

As the George Washington was warped into her berth there was a hush of expectancy and then a fanfare of trumpets proclaimed the coming of the king.

Dressed in the uniform of a lieutenant general in the Belgian army with not a single decoration on his breast, he walked unattended down the gang plank. Behind him, seemingly scarcely half his height, came Queen Elizabeth. She wore a long travelling coat of white broadcloth over a white gown, a white fur stole and a close fitting white hat with a white chiffon veil.

Walking behind his mother-in-law was a lad of eighteen, wearing his apparent to the throne, wearing the uniform of a private in the 120th Belgian infantry, the first regiment to meet the Germans at the frontier when they sought a short cut to France through what they thought was a defenseless little state.

As the king set foot on the pier the band of the George Washington swung into the strains of "La Brabançonne," the Belgian national anthem.

King Albert and Prince Leopold saluted as did General Peyton C. March, chief of staff and the American officers who surrounded him. Vice-President Marshall, Secretary of State Lansing and all the other civilians uncovered.

Albert stood at attention while the vice-president was speaking and then replied briefly and simply. It seemed that he was speaking only to Mr. Marshall and those near him, for he did not raise his voice above a conversational tone and used no gestures.

The king expressed great regret at the state of President Wilson's health and sincerely hoped for his complete recovery, adding that the president was very precious.

With the formal greeting over, the king, queen and prince were presented to members of the official government reception committee. Then they boarded a ferry which brought them to Manhattan.

The election next Tuesday is to decide one of the most important questions that has come before the people of the city for many years. It is practically to decide whether Jacksonville is to go forward to increased prosperity or to go backward. SCHOOLS CLOSED

The public schools of Mexico City are in the most "deplorable condition ever known," according to the two leading newspapers of that city and the Republic, El Universal and Excelsior, and this despite the public announcement of the Mexican Ambassador, Senor Bonillas, at Washington that the schools are in a better state than ever before. According to these newspapers all the public schools in the Federal District, which includes Mexico City, are closed and will remain so until the government arranges to pay the salaries of the teachers, who have received no pay since last May. This means that 100,000 children in this district alone are without school facilities.

CITY BOYS NEED TO LOOK OUT.

There used to be a report in circulation for many years after the Civil War that was mighty consoling to the fellows who lived in cities. It was that war statistics showed the city men were in better condition physically than the men from the farms. After all, it was felt, this talk about exercise and the open air was foolishness. Under the test of war the city chaps showed their mode of life was the better.

This was all very well except that the facts probably were not that way. In any event the figures of the general staff for the war with Germany show the advantage with the country boys. The farming states sent the best physical specimen into the army. The proportion of rejections for physical defects was far smaller

in Kansas or Illinois, for instance, than in New York. But in addition, the country boys made better physical records than the boys from the cities.

One hundred thousand country boys on the average furnished 4-790 more soldiers than the same number of city boys. Evidently it is up to the boy from the city to see that he gets enough sleep and exercise and keeps in good physical condition. If he doesn't in some way correct the artificial deficiencies in his mode of living his physique is likely to suffer.

WARNING TO CHILDREN

In Washington they have issued a list of "safety first" warnings for children that just as well apply to the grown ups. The warnings are so many that it has been suggested that they be taught the children in a series of lessons and parents are urged to read them to the smaller children. They are as follows:

Do not play in the street where there is heavy vehicle traffic. Never step off the sidewalk into the street without first looking up and down the street to make sure no vehicle of any kind is near.

Do not cross the street diagonally or in the middle of the block. Wait until you come to a crossing at the end of the block and then cross at right angles.

Under no conditions catch hold of any moving vehicle. Many children are maimed and killed each year as a result of this practice. Do not attempt in any way to steal a ride on any vehicle.

Do not touch any part of an automobile standing in the street. Look out for motorcycles. Look both ways, for the motorcycle comes quickly and often without warning.

Do not play on street car tracks or near them.

Do not put your head or arms out of the open window of a street car.

Do not try to get on or off a street car while it is moving. Wait until it stops.

Do not cross close behind a street car or automobile. Something may be coming from the other direction.

Do not run across in front of a street car. Something may be coming on the other side.

Do not play or walk on railroad tracks, or climb on freight or passenger trains.

Do not play with matches. Work to prevent fires. Do not get close to a bonfire started in the open. Do not light a match if you smell gas in a room. Find some older person and tell him. Do not climb on ice wagons after a piece of ice. This is dangerous. The horses may start off suddenly and you may be crushed by falling ice.

Never, at any time or place, touch a swinging wire that is in the air or on the ground. Do not go near such a wire, for if it is a live electric wire, with the power on, you may be killed or badly burned if touched by it.

THE K. OF C. IN THE WAR.

In their recent accounting for the use of the sum of \$17,000,000 received up to June 30, 1919, from the United War Work Fund of \$170,500,000 the Knights of Columbus lay stress upon the fact that they expended more money for free creature comforts to sustain and help the soldiers and sailors of the armed forces than any other organization that participated in the United War Work drive, the amount being \$7,000,000. By creature comforts is meant all those articles and supplies that the men felt a longing for in the trenches, and in camp and cantonment. Thus, among other things, the Knights of Columbus distributed 900,000,000 beef cubes, 618,000,000 cigarettes, 3,750,000 pipes, 546,851 pounds of pipe tobacco, and 3,000,000 pounds of candy.

The allotment from the United War Work Fund was \$25,000,000 but the exact sum received by the Knights of Columbus was slightly in excess of \$17,000,000, and of this there was on June 30 an unexpended balance of \$2,112,151.46. As the monthly outgo is about \$2,000,000, fresh requisitions are being made on the War Fund originally collected, the organization continuing without charge its work for the temporal and spiritual welfare of the men still in the nation's service.

In the time covered by the report \$9,550,082 was spent for overseas work, and for activities at home among the men in training the expenditure was \$5,468,060.

The work in this country called for the construction of 461 buildings and the use of thirty-two tents; for building, equipment, and operation the output was \$1,303,022. Personnel expenses, excluding the headquarters staff, cost \$1,046,580 for 1,134 workers. Abroad the Knights maintained 125 huts and clubs. The number of workers sent overseas was 1,075, every State in the Union being represented. Sports, motion pictures, and divers other entertainments for the men in France and at sea cost \$745,659, and motor transport service \$170,244. Whatever foresight and ingenuity could suggest was done by the Knights of Columbus to alleviate the horrors of war and cheer the fighters in their darkest hours. The Army, and the Navy as well, owed not a little of their morale to the friendly, beneficent and patriotic labors of the Knights, which were constant and not infrequently attended with danger.

WILSON'S RESPONSIBILITY

In an editorial in the Philadelphia Public Ledger William Howard Taft expressed regret over President Wilson's illness and then goes on to discuss the last speech of the president's tour in which he intimated that he would not be a party to ratification of a conditional interpretive character. "If this represents the fixed purpose of the president, it is most unfortunate, and all the friends of the treaty and the league should protest against it."

Mr. Taft points out that the treaty of peace and the league of nations are the only solution of the world crisis existing today in world affairs. "The situation of the nations if the treaty and league fail is awful to contemplate. Chaos and anarchy and unrest threaten everywhere. The authority of the Paris Council of Nations has already been greatly weakened by the failure to ratify the league promptly."

Mr. Taft well says that neither obstinacy nor a determination to be blind to hard facts should lead either side to ignore the world importance of reaching the best conclusion that, with conscientious differences of opinion, can be attained. "If those who favor the league can't have the treaty and league as it is, they must struggle to get it with as little impairment to its usefulness as they can. We have no right to assume that all of those who criticize the league and seek reservations in its ratification are actuated by personal or partisan motives. * * * Everyone knows, but the president, that unless such reservations are agreed upon, there are enough votes in the senate to defeat the treaty, whatever the consequence."

Writing upon the president's duty at this time, Mr. Taft says: "It is to face facts as they are and make the best of them. It is to secure as mild reservations as he can and in good faith urge acquiescence in them by other signatories of the treaty. A devoted band of courageous Republican senators is as anxious for an effective league of nations as the president can be. * * * Let it be that such reservations may weaken the obligations of the league in even an important particular—the league will still be a living force serving to give effect to and direct the spirit of cooperation of the allies to save the world. Without that spirit of cooperation no league in any form will be useful. Can there be doubt that a league with such mild reservations, leaving much of value in it, is to be preferred to the chaos and confusion which must follow a rejection of the treaty? The president says such reservations will not be acquiesced in. He cannot be sure. If he does what he can to soften the reservations and then urges them upon the other nations and they decline acceptance, he will have done all he can to secure the league. * * * If his present policy is persisted in and the treaty is rejected, the president cannot escape responsibility for the result."

By leading his supporters away from cooperation with Republican pro-leaguers he courts rejection. * * * Let us hope that the president will conclude to save the treaty by a statesmanlike compromise. * * * May the mild reservationist Republicans continue their struggle to save the treaty and league. May they ignore all natural personal exasperation at the president's lack of team work. To them, when the treaty and the league are saved, will be the chief honor."

WINCHESTER HIGH SCHOOL BAND BENEFIT

Members of Band Gave Entertainment Thursday at Lyric Theatre, Proceeds to go Toward Purchase of Uniforms—Point Church Ladies Aid Met—Other News Notes.

Winchester, Oct. 2.—Mr. and Mrs. Edward Baisley and Miss Frances Smith were visitors in Jacksonville Thursday morning. The Carrollton and Winchester high school football teams will meet for a game here Friday afternoon. The game will be played on the race track and the indications are that it will be a spirited contest.

"The Greatest Show on Earth," a moving picture of great interest, was given at the Lyric theatre Thursday afternoon and evening, under the auspices of the high school band boys. The members of the band have planned to purchase uniforms and the proceeds from this entertainment will go toward this fund. The band boys gave a short concert preceding the matinee performance, and their playing was enthusiastically received by the large audience present.

About thirty ladies of the Woman's Foreign missionary society of the Point church met Thursday afternoon at the home of Mrs. William Herring. The assistant hostesses were Mrs. William Ransom and Mrs. Frank Ransom. The leader of the afternoon was Mrs. John Leach and the program carried out was one of special interest. During the afternoon delicious refreshments were served by the hostesses.

The Scott County teachers institute will be held at the grade building, commencing next Monday and continuing through the week. The program outlined is an excellent one and will without doubt prove of great value to the teachers who attend the sessions.

STUDIO REOPENED

After nearly two years in service, will re-open music studio tomorrow, at 217 1/2 So. Main St. All brass and wood wind instruments taught. Now assigning hours. Boys Band to be re-organized. Old students and new welcomed.

THE BOND ELECTION

The bond election will be held next Tuesday, October 7. The polls of the 16 voting precincts of Jacksonville will be open from 7 o'clock in the morning until 5 in the afternoon. Men and women both have the right to vote on this question. If bonds are authorized the debt of Jacksonville will be paid, a filtration plant will be built at the new reservoir and pure water will be possible; the water and light plants will be consolidated and large savings in operation effected.

Certainly the issues are of such importance that every voter in the city owes it to himself or herself and to the city to express an opinion. At a recent election when the question of building a high school was before the people, not one-tenth of the voters expressed any opinion whatever. Certainly this should not be the case next Tuesday, when questions of such vital importance to the well-being of Jacksonville are under consideration. Don't leave the matter of voting to somebody else and then be dissatisfied with the results. Go to the polls and register your opinion.

of

John F. Lovekamp

(Late of Arzenville, Illinois.)

To All Farmers and Teamsters

Commencing at once, the entire stock of the harness sales and repair business, formerly conducted by John F. Lovekamp, late deceased, will be closed out at prices attractive to purchasers, at Arzenville.

The major portion of this stock to be sold was contracted for in the fall of 1918 for 1919 spring and fall delivery. All shipments have arrived. Since their purchase several marked advances have been made on the wholesale prices. These advances will not be included in the sale prices of the stock to be disposed of.

This Represents a Bargain to Purchasers at Attractive Prices

The harness business of John F. Lovekamp was known as the best throughout central Illinois, and noted for its high quality and selection. Serviceable stock was the maxim of the proprietor. No old stock carried in this line; the business was entirely cleaned out by fire in 1913 and re-established in 1914 with new and complete stock.

Social Events

Dance Given at Knights of Columbus Hall

A dance was given at Knights of Columbus hall Thursday evening under the auspices of Oren White and Emmett Merryman. Music was furnished by the Sunset Hill Country Club orchestra of St. Louis. Gene Ridemich, director. The music was of excellent quality and a long program was danced, there being about 100 couples present.

Westminster Aid Held All Day Sewing

Members of the Westminster Ladies' Aid held an all day sewing in the church parlors Thursday. There was a fine attendance of ladies and a good number of finished garments were turned over to the Social Service league for distribution.

Salem Aid Met With Mrs. R. E. Phillips

Members of the Salem Ladies' Aid met with Mrs. R. E. Phillips Thursday afternoon with a good attendance. Scripture reading by the president, Prayer by Mrs. G. T. Wetzel. It was decided to hold a chicken pie social at the church Wednesday evening, Oct. 8. A program will be given in connection with the social beginning at 8 o'clock. Following the business meeting the hostess served refreshments. The next meeting will be held Thursday, November 6, the place to be announced later.

Herman's Clerks Have a Wiener Roast

Last evening the pleasant home of Mr. and Mrs. J. J. Crouch on Finley street was thrown open to the ladies of Herman's ready to wear millinery house and a right merry time was enjoyed. A wiener roast was the principal feature of the occasion while merriment, good cheer and a fine time generally accompanied the occasion.

Queen Esther Circle Meets

The Queen Esther Circle of Grace Church met with Maude Moxon at her home on West College avenue Wednesday evening. The meeting was opened with a song and devotions led by Miss Anna Mann. The secretary's and treasurer's reports were heard then Miss Eunice Hopper had the chapter of the evening. Miss Dorothy Cannon had two piano numbers and the society then adjourned to enjoy a social hour with music. Delightful refreshments were served by the hostess.

Mt. Zion Ladies Aid in Regular Meeting

The Mt. Zion Ladies Aid society met with Mrs. W. T. Willard Thursday afternoon with eleven members and one guest present. Devotionals were in charge of

Mrs. Peters. The regular order of business was then carried out. It was voted to hold a social at the home of Mrs. L. C. Myers on Friday evening, October 10. Following the business session refreshments were served. The next meeting will be held with Mrs. J. L. Thompson, Thursday, November 6.

Mrs. Woodward Given Birthday Surprise

Members of the Mothers and Friends association gave a surprise for Mrs. Fred Woodward at her home, 947 North Church street Wednesday afternoon the occasion being her birthday anniversary. The surprise was complete but Mrs. Woodward soon made her guests feel at home. Mr. Woodward who has been ill for some time but is now greatly improved, entered into the spirit of the occasion which proved one of great pleasure. Mrs. Woodward was the recipient of a beautiful fern and a number of other nice presents. When the guests departed it was the expressed wish for many returns of the day.

The Gallaudet Club Gives a Reception

The Gallaudet Club of Jacksonville gave a reception Thursday evening in honor of the approaching nuptials of its president, Mr. Robert Bowman, and Mr. and Mrs. Fred Schoneman, recently married. Mr. Schoneman is vice-president of the club.

The club rooms were taxed to their utmost capacity, as almost the entire deaf population of the city was present. The menu of the club made a bridal present of a set of silver dessert spoons to Mr. and Mrs. Schoneman. Mr. George made the address of presentation and Mr. Schoneman was so taken by surprise that he was unable to say more in reply than "We thank you from the bottom of our hearts."

The customary cake and ice cream were not omitted and the little tots of the club members did ample justice to it.

Pleasantly Surprised

Wilbur Madden was very pleasantly surprised Thursday night in the social room at the M. C. A., by over fifty members of the local Boy Scouts.

Madden is moving to Clinton where his father is to become the pastor of the First Methodist church.

After Madden's arrival the bunch retired to the rear of the Y where all participated in a wiener roast.

When all the weiners and other eatables had been consumed they returned to the club room where they listened to a very interesting talk by assistant Scoutmaster Bartlett on some of his experiences with the marines in France.

He told of the engagement at Belleau Wood and of the battle of Soissons in which he received the wound which was the cause of the report of his death and which stirred Jacksonville so greatly.

After Bartlett's talk some cheers were given for Madden and the Scouts departed, wishing Madden great success in his new home.

Berea Ladies' Aid Society Elects Officers

The members of the Ladies' Aid society of Berea church met Thursday at the home of Mrs. Clyde Lewis, for a most enjoyable all day meeting. There was a good attendance. An excellent dinner was served at noon from which the sum of \$8.50 was realized.

The president, Mrs. Dr. Harris, called the meeting to order. The 19th Psalm was read, the usual devotionals were held and the secretary's report read.

It being the usual time for the annual election of officers, the following were chosen:

President—Mrs. George Lewis, Vice president—Mrs. John Thomas.

Secretary—Mrs. John Baker. Assistant secretary—Mrs. Harrison Robinson.

Treasurer—Mrs. Walter Robertson.

Following the election the business session was adjourned and the remainder of the afternoon was enjoyed in a social way.

SENATE REACHES STAGE OF ACTION ON PEACE TREATY

Continued from Page One.

Refers to Lodge Speech. Senator Pomerene also read from a speech made in the senate by Mr. Lodge in 1899, declaring quoted as saying would mean, the Philippines to their fate after American blood had been spilled doubt America's willingness to come to the aid of civilization whenever it was threatened, he said, it was not necessary to take part in "every boundary dispute" of Europe.

The Monroe Doctrine, the committee chairman declared would be enforced to prevent the European nations from interfering with boundaries in this hemisphere, and it was because the United States had not followed that same rule in Europe that the nation now was "disliked and distrusted."

To this Senators McCumber, Pomerene of Ohio, Williams of Mississippi and Fletcher of Florida replied each quoting previous declarations of Senator Lodge and declaring he had faced about after the peace treaty was negotiated. In his speech in the senate last December they asserted they specifically argued for protection for Poland and other small nations which he now wanted to desert.

for their freedom, and saying that to defeat the pending Spanish-American treaty would be a repudiation of President McKinley before the whole world.

Repudiation of a president in such a matter, Senator Lodge was quoted as saying would mean, the humiliation of the United States in the eyes of civilized mankind.

The Saar amendment developed a lively discussion during which Senator McCormick, Republican of Illinois, declared the Saar coal fields were to be delivered to France in fulfillment of a secret treaty between that country and Russia and Senator Borah, Republican of Idaho, asserted that while a plebiscite was to be conducted there, the result would have no effect and the league council would decide the ultimate sovereignty of the territory.

Senator Underwood, Democrat, Alabama, replied that so far as he could see there could be no objection even if the Saar Basin were to be given to France outright.

WRESTLING MATCH

Chicago, Oct. 2.—William Demetral, Chicago light heavyweight wrestler, tonight defeated Johnny Meyers, middleweight champion in two straight falls. Demetral obtained the first fall in 1:34:17 with a double wrist lock. Meyers' seconds tossed a towel into the ring after four minutes and 16 seconds wrestling for the second fall.

They claim their man was injured in the first bout when Demetral fell on him.

Demetral failed to make 182 pounds, the stipulated weight and forfeited his guarantee. It was stated he weighed more than 190 pounds, the exact weight not being announced.

DECLARES REED GOT WHAT HE DESERVED

OKLAHOMA CITY, Okla., Oct. 2.—"If it were an I. W. W. going over the country speaking against the government of the United States, the Republicans would favor giving him the same treatment as that accorded Senator James A. Reed, when he was egged and hooted from the stage at Ardmore last night," says a statement issued here late today by Governor J. B. A. Robertson.

"Reed got just what was coming to him," the statement says. "While this is a country of free speech, this privilege does not give any person the right to vilify the president and drag his name into the mire. Neither Senator Reed nor any other man can come into Oklahoma and with impunity insult the president of the United States. I am surprised that any misguided Democrats of the state have been willing to give time enough to attend such meetings as are being held by Reed and his kind."

No requests for arrests had been made by Ardmore citizens the governor said and no action against the mob which forced Reed to cancel his speech there is contemplated by state officials.

Regret for the occurrence was expressed at Ardmore, but the governor seemed pleased rather than sorry over the ultimate result.

FIRST FOOTBALL GAME OF SEASON TODAY

Illinois Will Play First Game Since 1917—Lombard Will be Opponent—Harmon Announces Lineup.

Illinois College will play her first game of football since 1917 on Illinois field this afternoon with Lombard. Illinois went thru the 1917 season with a small student body most of the men having entered army service.

In 1918 it was intended to have football and the S. A. T. C. furnished an abundance of good material. However, the flu epidemic came and everything was quarantined and this stopped the game for the entire season. So football followers of Illinois are looking forward with pleasure to the game today.

The game will bring back some of the favorites of 1917 and 1918 and best of all it also brings back Coach W. T. Harmon who entered military service in the spring of 1917 and was overseas for many months. Harmon is the most popular coach Illinois ever had as well as one of the most successful.

Harmon has a wealth of material this year but for the most part it is green material. He has been working hard the past few weeks to whip a team into shape for the opening game. Lombard always has a good football team. Coupled with this is the fact that Lombard opened a week earlier than Illinois and thus had a week's start in training.

Illinois' men are reported to be in the best of condition and they have the fighting spirit that has always characterized Illinois teams. They will go out there this afternoon determined to win and when Lombard gets through she will know she has been playing football.

Coach Jackson who was a star half back at Lombard for several years and played here in 1915 with the team is one of the coaches, the other is Casey. Jackson and his squad arrived in the city Friday afternoon and are quartered at the Dunlap hotel. In the last two games Illinois defeated Lombard by scores of 12 to 0 and 27 to 6.

Coach Harmon announced last night that he would use the following lineup to start the game this afternoon. Fanning re. Andrew rt. Ironson lg. Tomlinson c. Mackey rg. Strickler capt. rt. Curran re. Ferrelle qb. Barnes lh. Cully rh. Mutch fb.

It is probable that many other men will get an opportunity to show their form in the opening game. The weather is extremely hot for football unless there is a change last night and it is probable that the players will be weakened by the heat.

TO START CAMPAIGN FOR JEWISH RELIEF

Henry Frisch Selected as Chairman of Local Committee—Executive Committee to be Appointed to Plan Campaign.

Henry Frisch was elected chairman of the Morgan county unit of the Illinois section of the American Jewish Relief association at a meeting held in the Chamber of Commerce rooms Thursday afternoon. Charles B. Graff was elected vice chairman.

An executive committee will be appointed soon to formulate plans for carrying on the campaign to secure the quota for Morgan county.

During the war and many months before the United States entered the conflict members of the Jewish race in this country raised large sums of money for the relief of members of their race in the war stricken countries of Europe. This has been a big load to carry and it has been decided to ask others to aid in the work.

The quota assigned to the state of Illinois is \$1,500,000 and the quota for Morgan county is \$18,500. It is not anticipated there will be any difficulty in raising this sum. The money is to be used for the purchase of supplies and medicines for the relief of sufferers in the war zone.

FROM NEBRASKA.

Mr. and Mrs. Ensley Moore have returned from their annual pilgrimage to Nebraska, which occupied almost three weeks. They first went to Wayne, in the county of the same name, and visited their son, George K. Moore and family, also Mrs. Moore's nephew and niece, Mr. and Mrs. J. Woodward Jones.

Wayne is one of the richest and most progressive counties of Nebraska, and Wayne City is the site of the North Nebraska Normal School, which is making good headway in its work, under President U. S. Con.

Altho the wheat and oat crop was not as great in Nebraska, this year, as has some times been, the corn crop of the state has come thru in fine shape, generally.

As everywhere Nebraska has been proudly welcoming back its heroes from the World War. Among these was J. Knox Jones, grand son of Mrs. Ella King Morrison, great grandson of Elder John T. Jones of this city, and nephew of Mrs. Moore.

Mrs. Moore's niece, Mrs. Ella King Morrison has also lately returned from service in the Red Cross work across the seas. She has made Wayne her home lately. She is a daughter of Mrs. John G. Morrison, formerly of this city.

Mr. Moore made two business trips to Sioux City, Iowa, during his absence.

Enroute homeward, the travelers visited Mrs. Moore's niece and nephew, Mr. and Mrs. George O. Smith, in Lincoln, where Mr. Smith is a leading part of the great firm of Miller and Paie, in the drygoods department store business.

Mr. Moore had the good luck to be in Omaha on last Saturday, en business, instead of having to see the tragic work of last Sunday.

The climate of Northern Nebraska is one of the finest in the country, and our citizens greatly enjoyed automobile rides in the bracing air of the higher altitude.

JOURNAL VISITOR AT STRAWN GROVE SCHOOL

Has One of Best Lawns and Playgrounds in County—Building Wholly Remodeled.

A very pleasant duty is that of visiting the various schools of the county and yesterday the writer had the pleasure of a call at the Strawn Grove School a few miles southwest of the city. This school has one of the best lawns and playgrounds in the county and probably when the directors get a little time they will plant some trees on the ground and take away the wreck of the old coal shed. With that done there would be little to desire in that direction.

The building has been wholly remodeled according to law with its lighting and heating all right and separate cloak rooms for boys and girls with doors to inclose them. This is something not seen in all even modern schoolhouses.

The interior of the school room is cheerful and attractive. From the walls portraits of Lincoln and Washington look down on the pupils and there is room for a number of good pictures yet. There is a cabinet organ, a fairly good library, some charts and maps and a globe.

The pupils were found very pleasant and paid close attention to the remarks of their visitor and showed a very intelligent interest in what he had to tell them. The far away lands always have many attractions and the young people of this school were much interested in what was said to them and to East Liberty, Narrows, Sherman and Trinidad must be added the pupils of Strawn's Grove for questions. This is always a pleasing part to a visitor and the teacher, Miss Serena Connolly, took much interest and wisely guided the children.

The directors of the school are Messrs Henry Bersig, E. R. Groce and Charles West.

The pupils are: Lloyd West, Roy Switzer, Francis Shanahan, Joseph Shanahan, Carl Ehlert, Darrell Ehlert, Louis Burmeister, Bernard Groce, Clyde West, Eugene West, Edward Surratt, Howard Patterson, Carl Wilke, Mary Shanahan, Margaret Shanahan, Helen Ehlert, Lena Burmeister, Leona Brooke, Lucile Patterson, Mildred Mawson, Mamie Surratt, Mary Elizabeth Bersig, Erma Ehlert, Dortha Lambert, Helen Patterson.

Field Meeting With Mrs. W. L. Alexander—Will Canvass for Sale of Tablets—Musical to be Given.

Rev. James Caldwell Chapter D. A. R. held a business meeting with Mrs. W. L. Alexander in Alexander apartments Thursday afternoon. The meeting was called for the purpose of hearing a report of the investigating committee on the feasibility of purchasing the Governor Duncan home for a memorial building.

The committee reported favorably in the matter which was discussed at length. It was the consensus of opinion that the plan should be carried out.

A tablet committee was appointed to find how many members will buy tablets and this committee also will take up the matter with all residents and former residents. If the home is secured the west front room will be used for a memorial room and the placing of the tablets.

The tablet committee consists of the following: Mrs. Carl E. Black, chairman; Mrs. A. L. Adams, Mrs. E. P. Brockhouse, Mrs. Charles F. Ehnie, Mrs. J. Marshall Miller, Mrs. Ensley Moore, Miss Lucy Mount, Mrs. Harriet Nelson, Mrs. Carlton Taylor, Miss Elie Trabue, Mrs. Miller Weir, Mrs. W. T. Wilson and Mrs. H. L. Caldwell. This committee will make a report either at a called meeting or at the next regular meeting.

The Chapter also voted to give a musicale some time between now and Christmas. The committee appointed for this is composed of Mrs. W. Barr Brown, chairman; Mrs. Thomas Harber, Mrs. H. M. Capps, Miss Josephine Hayden and Miss Hazel Strawn.

Asserts New Discovery Brings Blessed Relief to Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease. And best of all this remedy costs

almost nothing. Get a one ounce bottle of Mentholized Archie at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly. That's all there is to it; so simple that a lot of people will say that it can't do the work but of tentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

REDS TIGHTEN HOLD ON WORLD'S SERIES FLAG

MAKE IT TWO STRAIGHT BY
DEFEATING CHICAGO 4 TO 2

Only Three Games Now Separate Cincinnati and World's Championship—Fourth Inning Again Proves Fatal to White Sox—Gleason's Tribe Outthit Redlegs 10 to 4 but Were Unable to Bunch Them—Play in Chicago Today.

CINCINNATI, O., Oct. 2.—The Cincinnati Reds tightened their grasp on the world's series flag today by defeating the Chicago White Sox 4 to 2. As they also won the opener yesterday they need only three more games to win the series.

Cincinnati has developed, in the brief period of the series, a habit of celebrating the fourth. There is nothing patriotic about it, for in this victory-made town the "fourth" means an inning and not a holiday.

The game yesterday was safely stowed away in the fourth, and when that inning arrived today the enthusiasts emitted a roar in demand of an encore.

Williams Wild. In a measure the Cincinnati batsmen responded, but the person who really took the demand to himself, apparently, was Claude Williams, the Sox left-hander who was on the mound. He passed three batsmen and three scored. An aviator flew close to the grandstand roof at this stage of the proceedings but if he was looking for Williams, a wit in the press stand remarked, he flew altogether too low. From where Williams floated the 54 story insurance building looked like a speck on the landscape.

In the sixth he passed another runner and the latter scored, but the tally was not needed. The first three were enough. It was noted as usual that all four of the Red runs were counted by players who had been passed to first.

Reds Outthit. Chicago's two runs came in the seventh, the result of two hits and an error by Cincinnati. The visitors garnered ten hits, but they were scattered throughout the game. They hit the ball viciously at other times but the Red fielders were there to receive it. Weaver, Sox third baseman played in hard luck. He slammed the ball against the left field barrier so hard that it bounced back 25 yards and what ordinarily would have been a triple shrunk to a double. Nor was this all that caused the Sox to regard the sixth

as unlucky for "Happy" Felsch, after Jackson had fanned, gave the ball the most powerful wallop yet delivered in the series. It had home run written all over it, but Roush, by a fine sprint captured it while running at top speed toward the center field fence. The cheers which were set up by the Woodland Bards, who constituted the Chicago rooting organization, died abruptly. That catch seemed fateful to them, coming as it did right after interposition of the fence in the case of Weaver. The pastime was witnessed by 29,690 persons, a slight falling off from yesterday. The weather was that of mid-summer but unlike the oppressive heat of yesterday there was a tempering breeze today. The brass band signaled the beginning of practice by the Sox by playing "She May Have Seen Better Days," a mournful bit of sentiment popular 20 years ago, but the spectators recognized it and set up a roar of mixed derision and delight.

Play in Chicago Today. Both teams left for Chicago tonight to play games at Comiskey Park on Friday, Saturday and Sunday, weather permitting.

Both sides played machine like ball the first three innings. With the exception of a pass the Reds were retired in one-two-three order, while only two Sox were able to get on the base lines. Jackson doubled in the second and was sacrificed to third, but Gandil and Risberg were unable to advance him to the counting station.

Williams singled in the third with one out but J. Collins, who was said to be suffering from a bad cold lined out to left and Eddie Collins grounded out to Daubert, unassisted.

Chicago started the fourth with an assault that greatly encouraged the crowd from the lake city. Weaver and Jackson singled, but Weaver was held at second by the fast work of Duncan in retrieving the ball from left field. Felsch sacrificed and both runners moved up.

Sox Miss Good Chance. Felsch sacrificed and both runners moved up. With men on second and third and only one out the Chicagoans pulled hard for a run. They hoped that the luck of the fourth was to be with them in this game. Gandil grounded to Daubert whose throw to the plate cut off Weaver. Jackson made third on the play and Gandil was safe at first. He stole second and all eyes turned on the Sox shortstop, Risberg. He waited for three balls and two strikes and then popped out feebly to Daubert.

"Slim" Sallee, the Red pitcher was thus saved from the tightest hole of the game for him. In the Reds half, Williams began his ascension. Rath walked and advanced on Daubert's sacrifice. Groh also received a pass and then Roush singled to center, scoring Rath and placing Groh on third. Roush attempted to steal but was pegged out by Schalk, Groh making no attempt to leave third. Duncan also waited for four bad ones and he and Groh made home on Kopf's triple to the left field fence. The agony was ended for Chicago when Neale was thrown out, Eddie Collins to Gandil.

Crowds Cheer Wildly. The stands were in a tumult and many looked down the side lines to see if any Sox pitchers were warming up, but there were none in sight.

In the fifth an error by Risberg and a single by Rariden placed Red legs on the bases but Daubert, Groh and Sallee flew out and nothing came of it. Roush in the sixth received his second pass and he completed the circuit on Duncan's sacrifice and Neale's single. This ended the Red scoring.

With one out in the seventh, Chicago made a new bid for the game and with the assistance of certain fielding eccentricities of their opponents got two runners across the plate. Gandil, the first man up was out at first, but Risberg singled to left and Schalk to the other corner of the field. Neale attempted to head Schalk off at second, but his throw went into the crowd near third base and Risberg and Schalk scored before the ball was retrieved. Williams struck out and John Collins fled out to Roush.

Sox Desperate in Ninth. In the ninth the Sox batsmen made a desperate final effort to pull the contest out of the fire. Gandil singled to center, but Risberg's savage blow went to Rath and Gandil and Risberg were doubled in a lightning like play. Schalk singled to center and McMullin was called up as a pinch hitter. On a similar occasion yesterday he singled but today he was an easy victim. Rath to Daubert.

Eller May Pitch Today. Manager "Pat" Moran indicated tonight that he would start "Red" Eller, one of the mainstays of the Reds' pitching staff in the third contest of the series scheduled for Chicago tomorrow. Eller,

a former member of the Sox, has been with the Reds three years and the present season was the most brilliant of his career. Supporters of the White Sox believe that Manager Gleason will send Dick Kerr, a lefthander into the fray in an effort to stop the Reds tomorrow. Kerr is regarded as one of the best pitchers on the Sox staff.

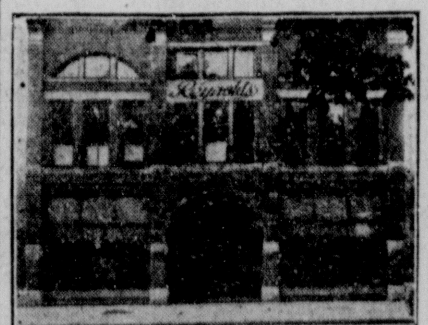

Manager Moran was jubilant tonight over the Reds second victory. He said:

"We have beaten Cicotte and Williams and have nothing to fear from the other pitchers of Gleason's staff. I will admit that we got the better of the breaks but winning ball games is the thing that gives players confidence, and, with two games to their credit, my players are brimming over with it. I expect to start Eller tomorrow although my selection will depend on the pitcher selected by Gleason."

Gleason Still Confident. The triumph of the Reds was termed a "lucky" one by Manager Gleason of the Sox. He said:

"We outthit them nearly three to one but the breaks of the game went against us. The Sox are far from out of the race. We have the greatest come-back ball club in the world and these two beatings will make my players fight all the harder to even it up. Williams showed today that the Reds hitting can be stopped, but he had an unfortunate inning in the fourth. The Reds victory was almost given to them on a platter. They got four hits. We got ten. Fielding that happens only once in a lifetime robbed us of enough runs to win. I expect to start Kerr tomorrow but might use

LIFT OFF CORNS!

Doesn't Hurt a Bit and 'Freezone' Costs Only a Few Cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Cicotte as I have every confidence in Eddie to trim Cincinnati."

Scalpers Busy in Chicago. Chicago, Oct. 2.—With 18,000 reserved and box seats sold, the sale of 16,500 pavilion and bleacher seats for the local opening tomorrow world series play when the Reds and the White Sox come from Cincinnati will start at 8:30 o'clock tomorrow morning. The reserved seats were sold out several days ago, and the only chances for those vantage points are tickets in the hands of scalpers who are demanding from \$50 to \$100.

The scalpers are being closely watched by the internal revenue department for collection of the 50 per cent excess profit tax.

Nearly one hundred complaints from persons who said they had failed to obtain tickets, although scalpers were offering them have been received at the corporation counsel's office today and it was said an investigation would be made.

Most of the scalpers professed to be able to provide plenty of tickets. At a hotel ticket broker office \$90 was asked for a reserved seat.

McMullin batting for Williams. Strike one. McMullin out. Rath to Daubert. No runs, two hits, no errors.

Ninth Inning, Second Half—The demand for tickets today to the third contest to be played in Cincinnati next Monday was greater than ever. The scalpers decided to hold their tickets until Monday believing they would be able to get enormous prices.

Manager Gleason of the Sox and Moran of the Reds batted batters to the infield during practice. Moran took up his station to coach at the first base line, but Gleason was not much in evidence on the coaching lines this afternoon. He sat on the bench.

"The Reds are the most formidable team I've ever seen," Federal Judge Landis of Chicago said after the game. He was the guest of Judge Woodmansee of Cincinnati.

Joe Jackson, the White Sox slugger, got his first hit of the series in the second inning, when his short high fly to center fell safe, the drive going for two bases.

Eddie Roush, the Reds star outfielder, thrilled the crowd again today with his catches. He ran back to the centerfield fence in the sixth inning, pulling down Felsch's hard liner which had seemed good for a home run. Roush accepted five chances today, giving him thirteen putouts for the two games.

Larry Kopf, the Reds' shortstop, hit the first ball pitched in the fourth for a triple, scoring Groh and Duncan. The Reds went hitless until the fourth, when Roush started the fireworks with a single. His drive scored Rath with Cincinnati's first run.

Each of the three Reds passed by Williams in the fourth scored. Roush had singled during the inning, but was out attempting to steal.

Jake Daubert, veteran first baseman, played a sensational fielding game. He prevented the

Batting Averages

CINCINNATI, O., Oct. 2.—The Reds also held to four hits by "Lefty" Williams, managed to retain their lead in batting against the White Sox. The National League Club is hitting .333, while the Sox have a mark of .250. The Gleason aggregation fared better at the bat today against the offerings of Sallee than they did yesterday against Rutherford and as a result have gained some ground. The batting averages for the two games follow:

Caused by

Acid-Stomach

Yes, indeed, more often than you think, because ACID-STOMACH, starting with indigestion, heartburn, belching, food-repeating, bloating and gas, if not checked, will eventually affect every vital organ of the body. Severe, blinding, splitting headaches are, therefore, of frequent occurrence as a result of this up set condition.

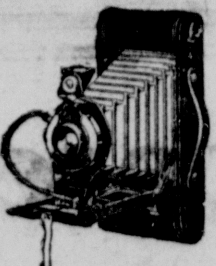

Take EATONIC. It quickly banishes acid-stomach with its sour, bloating, pain and gas. It aids digestion—helps the stomach get full strength from every mouthful of food you eat. Millions of people are miserable, weak, sick and ailing because of ACID-STOMACH. Poisons, created by partly digested food charged with acid, are absorbed into the blood and distributed throughout the entire system. This often causes rheumatism, biliousness, cirrhosis of the liver, heart trouble, ulcers and even cancer of the stomach. It robs its victims of their health, undermines the strength of the most vigorous.

If you want to get back your physical and mental strength—be full of vim and vigor—enjoy life and be happy, you must get rid of your acid-stomach.

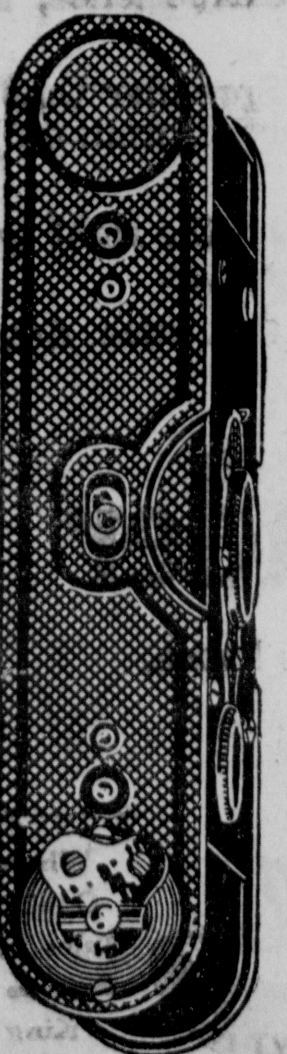

In EATONIC you will find the very help you need and it's guaranteed. So get a big box from your druggist today. If it fails to please you, return it and he will refund your money.

DRAINAGE CASE IS CONTINUED

Indian Creek Drainage District
Last up before Judge Samuel
Thursday—Continued Until
October 15.

The Indian Creek Drainage district was up before Judge Samuel in the county court Thursday and was continued until October 15.

Judge Dietrich who represents the Cass county land owners has associated with him Judge O. P. Thompson and Wilson & Butler, the latter representing the Burlington railroad.

These attorneys asked for time to submit authorities and the court granted their request. The main question at issue is the question of whether the law passed by the legislature became effective July 1, 1919 or does not become effective until July 1, 1920.

At the recent hearing Judge Samuel ruled that the law becomes effective July 1, 1920. If this ruling holds the district will be under the control of this court until that date. There is no controversy as to the Cass county holdings being in the majority.

TWO VISITORS

Mrs. Sophia Carlson of St. Louis is visiting friends and relatives in the city and expects to go hence to the home of the family in Chicago. She is accompanied by Mrs. Viola Edwards of Wyoming who is visiting friends and relatives in the city and expects to proceed hence to the future home of the family in Florida. Both are daughters of the late John Ironmonger of this city and have many friends and relatives here. They are the special guests of Mr. and Mrs. L. Magill.

A JOURNEY LONG AGO

J. W. Prince, with Long's east side pharmacy, was narrating yesterday an interesting experience. He was in Ohio in August 1863 and wanted to get to Virginia. He noticed an advertisement of "Prairie State" river steamer which Captain Ebaugh had had built and was taking around by way of Cairo and St. Louis to Beardstown and freight was solicited. He watched for the time and the craft arrived early one morning and he went aboard and took passage, paying five dollars and being on boat about six days. It was the time of the memorable August frost of 1863, and he says when he awoke one morning at Cairo they told him a destructive freeze had done immense damage which was the fact.

LEAGUE OF NATIONS DEBATE

To Be Held at the Court House
Friday, Oct. 10 at 8 P. M.

As already announced James H. Danskin of this city has offered to debate the question of the league of nations with any one who cared to speak with him and the challenge was accepted by W. N. Hairgrove. Mr. Hairgrove says he will have B. F. Harris of Champaign here to speak with, or against Mr. Danskin if possible, and if not, he will speak himself. The date is to be Oct. 10 at 8 p. m. in the circuit court room and doubtless a great many will be glad to hear the discussion.

Standardized and Uniform Throughout the United States

Quality—Service—

Safety—Economy

BASED on raw materials, purchased at comparatively low prices, Vacuum Cup Tires and "Ton Tested" Tubes—the choice of a million motorists—were, on July 19, and for the second time during the current year, substantially reduced in price.

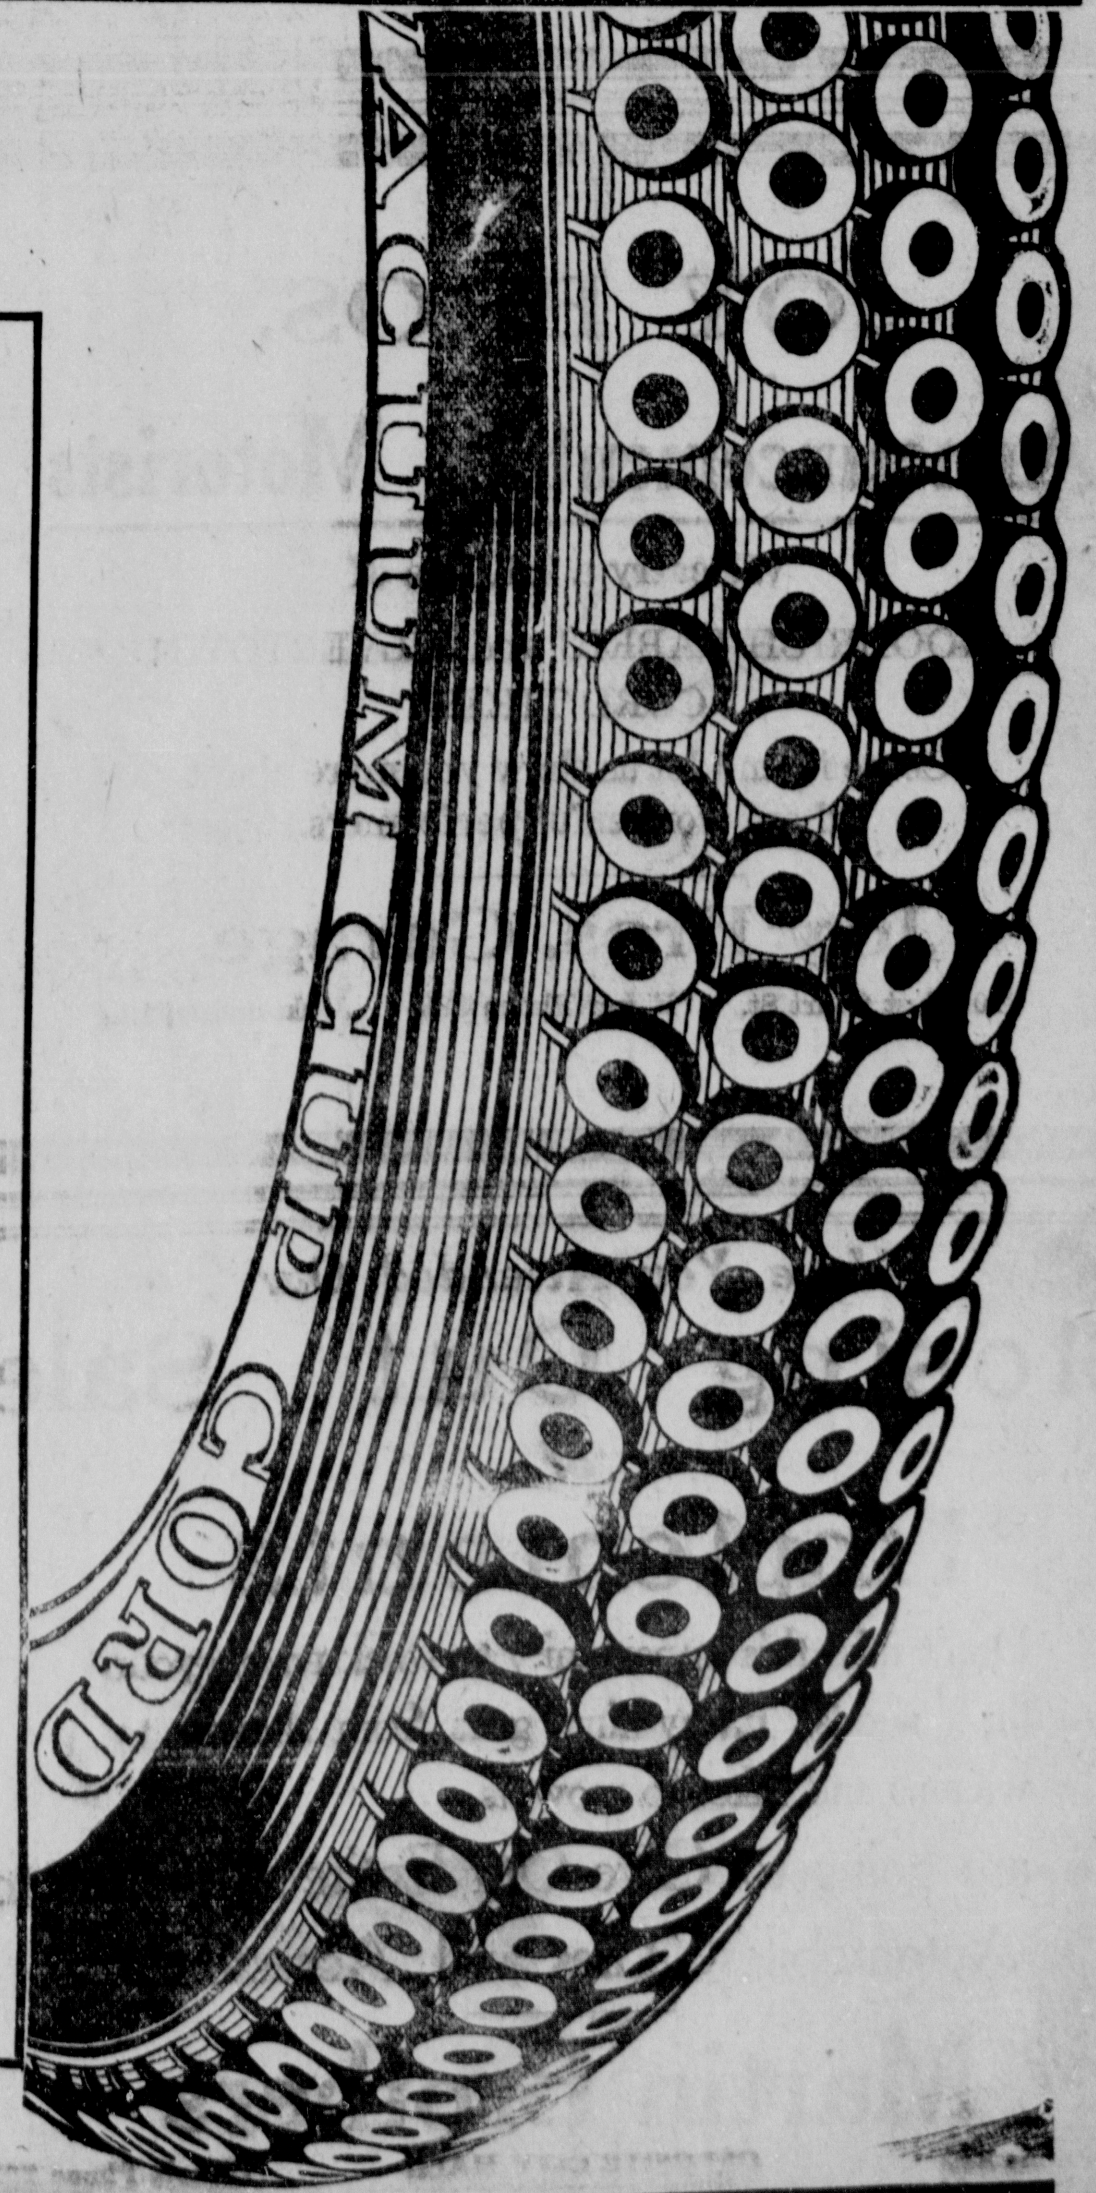

Now, a high and rising market on fabric and other materials compels announcement of revised schedule, effective October 1, as follows:

ESSEX
Motor
Cars

Look at the Essex

Do as 10,000 Owners are Doing. Compare its Qualities with Large Costly Machines, the Only Type by which Essex performance Can Be Compared.

From This Viewpoint

We ask you to ride in the Essex that you may know how it matches the performance of costlier, larger cars.

Until you have experienced its performance you will not know that it is an unusual car.

Its size and cost naturally leads you to regard it as you do other cars of similar size.

But 10,000 owners and other hundreds of thousands of motorists know that except for its price, its size and the economy of its operating cost, the Essex bears no relation to even cars of the better quality light weight medium priced class.

Choose the Essex for Performance

Any Essex owner will tell you the most inspiring things about acceleration and speed. We have many customers who tell us they prefer driving the Essex to any car they have ever known.

In case of operation, the power which eliminates much gear shifting, the speed that puts the Essex in the lead of any car they wish to pass, are qualities that account for much you hear among motorists.

Endurance too, Is Now Evident

Remember the Essex has seen hard service. Its performance range is so large

owners use their cars on trips heretofore undertaken only by larger cars. The Essex has shown it has no narrow limitations. It is safe to use for any trip you would undertake with any automobile.

It meets every service and Essex owners tell their friends how little attention they are required to give their cars.

Let Those Qualities Decide You

Regard the Essex in the service you expect from it, as you would any car regardless of size or cost.

If the Essex were as large as the cars whose performance it matches, the price would have to be as high.

But because it has no useless length or useless weight, costly car quality in every detail, is possible with proportionate saving in cost.

Let us show you the Essex in the way that reveals its true qualities.

There's a five-passenger touring model, a sedan for five and the roadster.

Each is as beautifully and completely done as any car you could want. Think how people endorse the Essex. The sole reason for their enthusiasm is Essex quality. Add your personal experience to what everyone is saying for the Essex.

World's Series Pitching Record

CINCINNATI, O., Oct. 2.—A resume of the pitchers' records today shows that lack of control by Lefty Williams, White Sox pitcher plus the home team's snappy fielding, gave the Reds the second game of the world's series today. Yesterday it was Cincinnati's ability to smash the ball that gave them the first victory in the baseball classic. Williams today handed out six bases on balls and the Reds made four hits. Ten hits were made off of "Slim" Sallee. Sallee however gave only one base on balls and struck out two, while Williams retired only one by the strike out route. Williams gave a total of 53 balls as compared with Sallee's total of 31. The White Sox heavier put over more strikes getting 30 while Sallee got only 23. Each pitcher was hit 33 times, including flies and grounders resulting in putouts. A grand total of 213 balls were pitched during today's game, 92 by Sallee in nine innings and 121 by Williams in eight innings. The highest number of balls thrown in any one inning were pitched by Williams in the fourth. In this inning, in which Cincinnati scored its first three runs he was forced to pitch 29 times. The low number of balls pitched in any one inning was seven by Williams in the seventh inning and in the following inning Sallee equalled this record. Sallee was credited with a balk in the sixth inning. Following is the inning pitching record for today's games:

Inning:	1	2	3	4	5	6	7	8	9	Totals
Balls	6	2	5	3	4	2	4	2	3	31
Strikes	1	2	3	1	3	4	5	1	3	23

J. H. KICK BUYS FINE FARM LAND

J. H. Kick, residing near Wyckles station, west of Decatur, recently purchased 240 acres of fine farm land near Garrett. He paid \$470 per acre for 160 acres and \$440 per acre for 80 acres. The land was sold at public auction. Evidently Morgan county is still considerably behind some other Illinois counties in the matter of high priced farms.

"I WOULD HAVE SAVED \$15,000"

Charles Norwood Regrets He Did Not Know of Tanlac Fifteen Years Ago.

"Just ask the boys at the C. & A. round house, where I work; they all know what an awful fix I was in and can tell you that this Tanlac has made a new man of me," was the statement made by Charles Norwood of 1413 West Olive street, Bloomington, Illinois, while discussing the medicine, recently.

"I can easily figure out," he continued, "where if I had had Tanlac fifteen years ago it would have saved me right around one thousand dollars a year, which is a pretty snug little fortune. The way I figure it is this: For the past fifteen years I haven't been able to work more than half the time, at best. When I did work my earning capacity was much cut on account of my poor health and for a good many years I couldn't work at all. But if I had been as well and strong as I am since taking Tanlac I could have earned twice as much pay to say nothing of the amount of money I paid out trying to get rid of my terrible pain and suffering. For a long time my stomach never felt right and everything I would eat disagreed with me, causing a bloated, nauseated feeling after meals. This trouble kept getting worse until I just broke down completely and had to stop trying to work. My stomach got in such a bad fix that I had to live on the very lightest foods I could find and even then I suffered. I had sick headaches about every day and was so weak I just had to drag around. My stomach not only kept getting worse, but my kidneys finally got all out of order and I almost went distracted with pain and misery. My back hurt me so bad I could hardly move or turn over in bed. For a long time before I quit my job it took me sometime every morning to get out of bed, the pain in my back was so great, and then I would have to go all bent over. "I got to reading the statements about Tanlac and some of the testimonials described my case so well that I commenced taking it myself and oh, how I wish I could have found such a medicine years ago. I am just so thankful that I am at last out of my misery that I feel like I would be doing wrong not to tell everybody I can about Tanlac. I can sit right down to the table now and eat as much as I ever could in my life and never suffer the least bit afterwards. My headaches are gone entirely and my kidneys and back never bother me any more and I sleep like a child every night. In fact, my troubles are all gone and not only that, I am feeling stronger and better than I have in almost twenty years. I haven't missed a day's work now since I finished my fifth bottle of Tanlac, nearly three months ago. I am now a perfectly well man and will always praise Tanlac."

Tanlac is sold in Jacksonville by Coover & Shreve, in Meredosia by Mr. R. B. Field, in Murrayville by M. E. Gilbert, in Waverly by the Wyle Drug Co., in Woodstock by the Hoy Pharmacy and in Chapin by Jno. Onken & Bro.

JACKSONVILLE CIRCUIT

Regular services will be resumed on the Jacksonville circuit Sunday, Oct. 5. There will be service in Hebron Sunday morning, and at Salem in the afternoon. Sunday school and public worship at the accustomed hours.

Thought One Clean Shirt All He Needed

"Ten years ago I was reduced to a mere shadow. I was yellow as a gold piece and would often be doubled up with most excruciating pains in my stomach. Physicians could only relieve me with morphine. I was advised to try Mayr's Wonderful Remedy and it helped me at once. What is more, I have been well ever since. A friend said he thought one more clean shirt all I would ever wear." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

Shampoo

Remmo Sterilized Toilet Soap is perfectly suited to shampooing. It is absolutely pure soap—then sterilized at 198° Fahrenheit to keep it pure. Its foamy, creamy lather cleanses thoroughly. It can't possibly injure the hair—or harm scalp. Just the opposite—it is truly beneficial. Removes all dirt, dust and scalp accumulations—then washes out—leaving no trace of soap. The scalp is invigorated. The hair is left soft, fluffy, lustrous, and hair growth stimulated.

You must use Toilet Soap. Why not use the most beneficial. It costs no more.

BEAUTY SECRETS!

Where she gets her good looks, her healthy skin, her pink cheeks, is known to every one, because it is apparent that it is due to cosmetics, paint and powder. But the true womanly beauty comes from good health, and this good health is a woman's credit.

Health comes with good physical machinery and good spirits, active digestion. A body free from pains and aches comes with tonic known for over fifty years the best "temperance" tonic and nerve for woman—namely, Dr. Pierce's Favorite Prescription can be obtained in any drug store in liquid or tablet form, or send 10c to Dr. Pierce Invalids Hotel, Buffalo, N. Y.

Cleansing of the intestinal tract important. Take castor oil or select a vegetable pill. Such a pill is composed of May-apple, leaves of aloe, root of jalap, and made into tiny sugar-coated pellets, to be had at every drug store.

New Hygiene
Subject Proposed
College Graduate Says Scientific Knowledge of Checking Perspiration Essential

"Scientific knowledge of how to prevent perspiration should be given as part of high school and college hygiene courses" said a college graduate yesterday in an address to a woman's club.

"Such a course should explain to young people that a lack of absolute personal cleanliness is indicated by the slightest trace of perspiration odor."

"Women know how important it is to absolute cleanliness to check excessive perspiration. They assure themselves of personal cleanliness by using ODORONO, the toilet preparation that keeps ones underarms sweet and dry."

"And of their boys and girls are learning nothing on this subject which I believe is vital to their happiness."

ODORONO, mentioned by this college graduate, is the leading toilet preparation for relief from excessive perspiration, and the sure means to perfect cleanliness. It was prepared by a physician and is endorsed by medical authorities. Be sure you get the genuine ODORONO. At all druggists and department stores. 5 cents and \$1.00. Trial size, 20 cents.

ENTERTAINED FOR CHAPIN BRIDE-TO-BE

Chapin Household Science Club entertained for Miss Florence Smith, who will Wed Oct. 9.—Donald Duckett Visiting Relatives—Other Chapin News.

Chapin, Oct. 2.—The Household Science Club of Chapin entertained Wednesday afternoon, for Miss Florence Smith, who will wed October 9. The guests assembled at the home of Mrs. B. J. Taylor. The afternoon amusements began with a peanut contest. This consisted of matching halves of peanut hulls. Then cards were passed and each person sewed his peanut to the card and dressed it in a bright colored piece of cloth, fashioning a doll. The prize for the best dressed doll was awarded to Mrs. B. A. Cratz, the prize being a small sack of peanuts. They then had music on the Victrola. Mrs. B. A. Cratz then very excellently gave a reading, "Aunt Dinah on Maternity." Next was a guessing contest to guess the number of small candies in a bottle. Mrs. Dessie Smith received the prize which was a nut dish.

Another selection was given on the Victrola. Miss Barbara Smith then won the prize in a guessing contest, guessing the names of animals.

After this the guests were divided into two companies, and each company put on an act, one a mock wedding, and the other a fashion show, both being very amusing. Each guest then wrote a recipe for the guest of honor, Miss Florence Smith. A dainty luncheon was then served by the ladies of the club at which time the club members presented Miss Smith a large cut glass bowl, the presentation being done by Mrs. Tucker, club president. The bride's cake was then cut, Mrs. Kittie Smith receiving the darning needle. Mrs. John Eller the time, Mrs. Rose Clark the thimble, Mrs. Nita Taylor the button and Mrs. Ellen Coultas the ring. The guests departed late in the afternoon wishing the bride-to-be much happiness.

Donald Duckett is visiting his home folks, having a leave of absence from the navy. He has been in the service about eighteen months, during which time he made several trips across the ocean. He received his leave September 23, but is subject to call any time.

Russell Brockhouse has returned home, having received his discharge. He has been in the service since June 28, 1918, and had the honor of being one of Gen. Pershing's first division.

Mr. and Mrs. Charles Whipple of Decatur are visiting relatives in Chapin.

William Brownlow, Henry Kornsmeier, Jeff Duckett and F. Duckett are spending a few days at their club house on the river.

VALIER'S ENTERPRISE FLOUR

Made only of wheat from favored spots.

The bulk of this year's hard wheat crop is not good enough for Enterprise Flour.

Most of this year's hard wheat crop lacks soundness and gluten-strength. Only in favored spots is the wheat up to standard.

We can't make Valier's Enterprise Flour from any but the best wheat. Every year we pay the premium necessary to get the best wheat. This year we had to pay a larger premium, because there is but a small percentage good enough to make

Valier's Enterprise Flour

We knew you would rather pay your share of this premium and get your share of good flour. It is much cheaper to pay a few cents extra for Valier's Enterprise Flour, and be sure of getting the light, wholesome bread you are used to. There is no economy in baking heavy, soggy bread.

There is real economy in buying Valier's Enterprise Flour, even at the higher price, because you get more loaves from a sack, and every loaf is a success.

Your grocer can sell you Enterprise. Don't experiment with any other. Insist on getting Valier's Enterprise.

"Community" is Valier's high-grade popular priced flour. It has made hosts of friends.
